

September 2017

Welcome Back!

We've had a busy summer getting the computers and networks ready! Some of our highlights from the summer include:

- All laptops are cleaned, re-imaged and ready for use!
- Complete replacement of the Phillips wireless network
- All 5th graders now have brand new Macbook airs
- Strong 3rd/4th has a new Chromebook lab as part of a 3 year plan to replace ALL white macbooks
- The www.msad58.org website has been completely redesigned. The menus are streamlined and it's MUCH easier to edit and keep current. Check it out!
 - Thanks to a joint effort with the Facilities department, our server rooms are finally all well cooled and ventilated. Thanks Scott and crew!
 - Powerschool has been updated to include the new Powerteacher Pro software as well as standards for PBE grading

Upcoming Trainings:

Tuesday, September 12 - Better Research through Keywords @ KES

This Month's Tech Tip

Change your Passwords!

Update your passwords and keep them in a safe place.

Try typing them in an **Unshared** Google Doc.
