

Is of Northern F.R.A.N.K.L.I.N.

Dear Families,

We would like to invite you to join us in attending our FREE 21st Century Kids of Northern F.R.A.N.K.L.I.N. Summer Program beginning July 2nd, 2018. The program will run from 11:30am-4:30pm at Strong Elementary School. We will feed your child a healthy lunch from 11:30-12:00 and then they will join our 21st Century Staff for an afternoon filled with sun and fun! Transportation to and from the program will not be provided. Parents will have to transport their children to the program for 11:30am and pick up from the program by 4:30pm.

Thanks to a partnership with the Franklin County Children's Task Force and the MSAD #58, there will be **NO FEE** for this summer program. This application is for children who are currently entering Kindergarten through those entering 8th grade in Strong Elementary, Phillips Elementary, and Kingfield Elementary schools.

What do we do?

- **Dates** Summer programming runs Monday through Friday from **July 2nd through August 3rd** starting at 11:30am until 4:30pm. Friday's will be "Field Trip Friday's" as we will be exploring the area and all it has to offer! We will not have programming on the **4th of July**.
- **Academic enrichment** Don't let the summer months escape you! Research shows that over summer break, the average student loses half a year of reading grade level. Not in our program! Students will be challenged with fun and exciting academic enrichment from skilled professionals, all-the-while having a blast!
- **S.T.E.M.** Science, Technology, Engineering, and Math. Science is fun! Your child will have the opportunity to engage in hands-on learning in a way that's designed to make them want to come back day after day. Lots of excitement!!!
- **Kid Friendly Fun!** Your child will be swimming 2 days a week in a supervised and safe environment by certified lifeguards (but they will need their suit every day)! Your child will participate in outdoor sports, team-building activities, nature walks, arts and crafts projects, science experiments, and the list goes on...
- **Community Partners** We are lucky to have the support of many community leaders and agencies who love to come and share their wisdom and talents with the students. Your children will have the opportunity to learn how to make healthy foods, how to make science experiments, how to play music, and more!

Interested in seeing what this program is all about? Check out our Facebook! We have two other locations at Mallett School in Farmington and Academy Hill School in Wilton. Visit the Facebook page for that program by visiting: fb.me/21stCenturyFranklinCounty.

APPLY TODAY!

For More Information, Please Contact:

Children's Task Force at 207-778-6960.

Hi, and welcome! Your child's safety and well-being as well as academic enrichment is very important to me. Please, take a moment to reach out to me. I want to hear how we can assist you in making this summer experience possible for your child.

A program of FRANKLIN: Friends Reducing Abuse and Neglect of Kids Living in our Neighborhoods, brought to you by the Franklin County Children's Task Force, in partnership with MSAD #58.
